[mikaelpretorius@gmail.com](mailto:mikaelpretorius@gmail.com)

#### Date of birth

2002/12/19

### Skills:

Leadership

Communication

Adaptability

Critical Thinking

Ability to work under pressure

Ability to work in a team

Fast learner

Computer Hardware

Computer Skills

Microsoft Word

Microsoft Excel

Microsoft Power point

### Languages:

#### English

5/5

#### Afrikaans

5/5

### Extra-curriculars:

Simonsberg resident

Jan 2022 – Dec 2023

Societies participated in:

Chess, book, coding, runners,  
eSports, Table Tennis

### Profile

My achievements in the launch of the Stellenbosch Universities' eSports club, winning USSA championships and receiving a sports bursary highlight my leadership, teamwork and commitment to excellence. My diverse skill set, academic background and involvement in various clubs displays my determination and willingness to collaborate. I have a robust combination of academic excellence, practical skills and notable achievements in the field of eSports and Information Systems management. My dedication and success in team environments make me a valuable member of a team. I have a passion for computers and IT. I have excellent knowledge of hardware and software. I am efficient at data handling and general computer operations.

### Employment History

- **Stellenbosch University eSports club committee member (Events manager)** Jan 2022 – Dec 2023

During my time as a committee member, we launched Maties' new eSports club which was recognized as an official Maties Sport title during my time there. For both years I was part of the Rocket League team that won the USSA (University Sport of South Africa) championship. Maties eSports won the USSA title both years. As a result, I acquired a 10% sport bursary at Stellenbosch University. As an events manager I would coordinate club events and meetings, resulting in a successful team-building environment.

- **Part-time work at Imagine Church, Johannesburg**

I do casual work at Imagine Church during holiday periods. This would include various jobs like stock taking, loading invoices, preparing weekly creditor statements as well as month-end creditor statements using Pastel and Microsoft Excel.

### Education

- BCom Economic and Management Sciences (Focal area – Information Systems), **Stellenbosch University**
  - Jan 2021 – Dec 2023
- NSC Certificate (IEB curriculum), **Leeuwenhof Academy**
- Software Engineering & Web Development course, **HyperionDev** (accredited by Stellenbosch University)
